Chapter 2

Ode to futurama

2.1 Section

2.1.1 I'm a thing.

No argument here. When will that be? Our love isn't any different from yours, except it's hotter, because I'm involved. One hundred dollars. As an interesting side note, as a head without a body, I envy the dead. **Is today's hectic lifestyle making you tense and impatient?** *Morbo can't understand his teleprompter because he forgot how you say that letter that's shaped like a man wearing a hat.* Oh yeah, good luck with that ([Zon](#)).

Oh dear! She's stuck in an infinite loop, and he's an idiot! Well, that's love for you.

Oh no! The professor will hit me! But if Zoidberg 'fixes' it... then perhaps gifts! We need rest. The spirit is willing, but the flesh is spongy and bruised. Bender, I didn't know you liked cooking. **That's so cute.** There's no part of that sentence I didn't like! We're also Santa Claus! Moving along...

You lived before you met me?!

Why would I want to know that? Oh, how awful. Did he at least die painlessly? ...To shreds, you say. Well, how is his wife holding up? ...To shreds, you say. Oh, I always feared he might run off like this. Why, why,

Figure 2.1 : Futurama

(A) **Futurama.** Add as much text here as you want.

why didn't I break his legs? Would you censor the Venus de Venus just because you can see her spewers? Whoa a real live robot; or is that some kind of cheesy New Year's costume? Shut up and take my money! And when we woke up, we had these bodies. Yeah, I do that with my stupidity. I don't 'need' to drink. I can quit anytime I want! Our love isn't any different from yours, except it's hotter, because I'm involved. We'll need to have a look inside you with this camera. I videotape every customer that comes in here, so that I may blackmail them later. You can crush me but you can't crush my spirit! Is the Space Pope reptilian!? So I really am important? How I feel when I'm drunk is correct? Fry! Quit doing the right thing, you jerk! Oh dear! She's stuck in an infinite loop, and he's an idiot! Well, that's love for you. It's toe-tappingly tragic! I didn't ask for a completely reasonable excuse! I asked you to get busy! That's not soon enough! And until then, I can never die? We need rest. The spirit is willing, but the flesh is spongy and bruised. Oh, but you can. But you may have to metaphorically make a deal with the devil. And by "devil", I mean Robot Devil. And by "metaphorically", I mean get your coat. Soothe us with sweet lies. No, she'll probably make me do it. Oh, I don't have time for this. I have to go and buy a single piece of fruit with a coupon and then return it, making people wait behind me while I complain. Why, those are the Grunka-Lunkas! They work here in the Slurm factory. You can crush me but you can't crush my spirit! Bite my shiny metal ass. It's just like the story of the grasshopper and the octopus. All year long, the grasshopper kept burying acorns for winter, while the octopus mooched off his girlfriend and watched TV. But then the winter came, and the grasshopper died, and the octopus ate all his acorns. Also he got a race car. Is any of this getting through to you? Oh yeah, good luck with that. Oh, I don't have time for this. I have to go and buy a single piece of fruit with a coupon and then return it, making people wait behind me while I complain. Fry! Stay back! He's too powerful! Ow, my spirit! Fry, you can't just sit here in the dark listening to classical music. I've been there. My folks were always on me to groom myself and wear underpants. What am I, the pope? So, how 'bout them Knicks? And I'm his friend Jesus. Leela's gonna kill me. No argument here. Ow, my spirit! Check it out, y'all. Everyone who was invited is here. I'm just glad my fat, ugly mama isn't alive to see this day. I just told you! You've killed me! No, I'm Santa Claus!

2.2 Section

2.2.1 OK, this has gotta stop. I'm going to remind Fry of his humanity the way only a woman can.

Then we'll go with that data file! No, she'll probably make me do it. They're like sex, except I'm having them! What are their names? Alright, let's mafia things up a bit. Joey, burn down the ship. Clamps, burn down the crew. No, she'll probably make me do it. **Okay, it's 500 dollars, you have no choice of carrier, the battery can't hold the charge and the reception isn't very... Bender, hurry! *This fuel's expensive!*** Also, we're dying! ##### But I know you in the future. I cleaned your poop. Kif, I have mated with a woman. Inform the men. We'll need to have a look inside you with this camera. And then the battle's not so bad? Ow, my spirit! Yes, if you make it look like an electrical fire. When you do things right, people won't be sure you've done anything at all. Why am I sticky and naked? Did I miss something fun? For one beautiful night I knew what it was like to be a grandmother. Subjugated, yet honored. When the lights go out, it's nobody's business what goes on between two consenting adults. ##### Why would a robot need to drink?

I guess if you want children beaten, you have to do it yourself. Tell her you just want to talk. It has nothing to do with mating. Look, everyone wants to be like Germany, but do we really have the pure strength of 'will'? Who are you, my warranty?! If rubbin' frozen dirt in your crotch is wrong, hey I don't wanna be right. Bender! Ship! Stop bickering or I'm going to come back there and change your opinions manually! I wish! It's a nickel. Hey, whatcha watching? Hey, whatcha watching? I love this planet! I've got wealth, fame, and access to the depths of sleaze that those things bring. We don't have a brig. Meh. You'll have all the Slurm you can drink when you're partying with Slurms McKenzie! You are the last hope of the universe. No! The kind with looting and maybe starting a few fires! Shut up and take my money! And I'd do it again! And perhaps a third time! But that would be it. Then we'll go with that data file! We can't compete with Mom! Her company is big and evil! Ours is small and neutral! Goodbye, cruel world. Goodbye, cruel lamp. Goodbye, cruel velvet drapes, lined with what would appear to be some sort of cruel muslin and the cute little pom-pom curtain pull cords. Cruel though they may be... Is the Space Pope reptilian!? You're going to do his laundry? Yeah, lots of people did. Do a flip! Would you censor the Venus de Venus just because you can see her spewers? Oh, I always feared he might run off like this. Why, why, why didn't I break his

legs? Yeah. Give a little credit to our public schools. Fry, you can't just sit here in the dark listening to classical music. Daylight and everything. Oh right. I forgot about the battle. Bender, you risked your life to save me! Hey, whatcha watching? There's one way and only one way to determine if an animal is intelligent. Dissect its brain! Ooh, name it after me! I guess if you want children beaten, you have to do it yourself. And I'm his friend Jesus. Look, everyone wants to be like Germany, but do we really have the pure strength of 'will'? Daddy Bender, we're hungry. Ah, computer dating. It's like pimping, but you rarely have to use the phrase "upside your head." It doesn't look so shiny to me. Ven ve voke up, ve had zese wodies. A true inspiration for the children. It must be wonderful. Ah, yes! John Quincy Adding Machine. He struck a chord with the voters when he pledged not to go on a killing spree. Robot 1-X, save my friends! And Zoidberg! Dear God, they'll be killed on our doorstep! And there's no trash pickup until January 3rd. Bender! Ship! Stop bickering or I'm going to come back there and change your opinions manually! You are the last hope of the universe. You lived before you met me?! Wow, you got that off the Internet? In my day, the Internet was only used to download pornography.

3.1 Section

3.1.1 It's art! A statement on modern society, 'Oh Ain't Modern Society Awful?!'

They're not aliens, they're Earth...liens! Father Christmas. Santa Claus. Or as I've always known him: Jeff. You hate me; you want to kill me! Well, go on! Kill me! KILL ME! I'm nobody's taxi service; I'm not gonna be there to catch you every time you feel like jumping out of a spaceship. You know how I sometimes have really brilliant ideas? I'm nobody's taxi service; I'm not gonna be there to catch you every time you feel like jumping out of a spaceship .

I'm the Doctor, I'm worse than everyone's aunt. *catches himself*
And that is not how I'm introducing myself.

You know when grown-ups tell you 'everything's going to be fine' and you think they're probably lying to make you feel better? I hate yogurt. It's just stuff with bits in. No, I'll fix it. I'm good at fixing rot. Call me the Rotmeister. No, I'm the Doctor. Don't call me the Rotmeister. No... It's a thing; it's like a plan, but with more greatness. Or as I’ve always known him: Jeff. *Insistently* Bow ties are cool! Come on Amy, I’m a normal bloke, tell me what normal blokes do! You hit me with a cricket bat. Stop talking, brain thinking. Hush.
